(Oh!)

I can't deny it  
It makes me nervous  
To wait for the bomb to drop  
I know it's serious  
It's so dangerous  
Somehow, the whole thing slopped

Oh, I should have just one boy  
I should not have two  
It won't do no good  
But I keep treadin'  
On dang'rous ground  
Wond'rin' what I should do  
Oh, baby

Oh, it's touch and go  
I love you both  
And I don't know what's going on  
I, I can't decide  
I can't do without  
The tender love from both of you  
Yeah

If I dropped one boy,  
I'll always miss him  
'Cause I'll just keep the half, ooh yeah  
If I keep lyin',  
I'm gonna slip up  
And walk into a trance

I know I can't live with or without  
Both of you or  
Whatever I do will be wrong  
This is a time bomb  
I hear it tickin'  
It's ready to explode

Oh, it's touch and go  
I love you both  
And I don't know

I, I can't decide  
I can't do without  
The tender love  
(2x)

You are as different as shadow and light to me  
You are like fire and rain  
Each of you is such a one-first delight to me  
I don't wanna be unchained  
No one can give me the pleasure they give to me  
I just can't want company  
I want to keep up devotion of both of them  
Even if I have to cheat, I have to cheat  
Ohhhhh, yeah  
Oh yeah

Oh, it's touch and go  
I love you both  
And I don't know  
I, I can't decide  
I can't do without  
The tender love  
(repeat and fade out)
