One night I fucked an abstract piece of shit  
What the fuck was I thinking  
Round and round these colors don't know where to go  
I'm just sitting here waiting  
For you to fucking say something  
Your mouth is closed like the door  
To your heart  
Your mouth is closed like the door  
To your heart  
What were you thinking?  
I never left you  
What were you thinking?  
I never left you  
Your colors left me  
OH NO  
I'm just here waiting for  
You're just here waiting for  
We're just here waiting for you  
What were you thinking?  
I never left you  
What were you thinking?  
I never left you  
Your colors left me  
I will never ever forget this day  
Never forget this day  
With my last breath I give you my final goodbye  
Goodbye  
Goodbye  
Goodbye
