I was rock'n real close to the bass bin  
while look'n for a chick ta' put my face in  
when I saw a little hottie that looked so tight  
hoped that she was down ta' mack on all night  
alright from a distance she looked real thin  
so I swooped in, with a fat grin  
she smiled at me and I smiled back  
then off to the corner so that we could ...  
I said hi and then she went off  
talk'n so fast I thought she'd never stop  
then I quickly realized that she was tweak'n  
and reak'n, of crystal meth  
it was on her breath  
(Dude that chick smelled like feet!)  
when her spracker teeth leaned in ta' kiss me  
I dissed thee and prepared ta' flee  
(Buga, buga, bugack, bugack!)  
when she asked what was wrong  
she cold scratched her head  
just ta' get away, this is what I said:

Chemical Woman ... stay away from me  
Chemical Woman ... go brush you teeth  
Chemical Woman ... go get some sleep  
Chemical Woman ... smoke your tweak!

I spent a long time with a girlfriend  
we were best friends, until the bitter end (biatch!)  
happy two, forever true, I dug her  
never saw, her grinding jaw, I loved her  
she acted strange and I asked her why  
allergies and coffee beans is what she implied

(Man how could you not know that chick was a  
basshead?)  
cause her nice behind, it kept me blind  
how could I tell she was addicted ta' coke smoke  
how could I know she was live'n ta' smoke coke  
too much love, like a fool I'm a real fool  
everybody knew except me cause I'm old school  
dank smoke'n, bowl toke'n, stoner I'm clueless  
(Yo we aint down with crack ho's!)

and she knew this!  
after a while she seemed ta' hit a real low  
up all night anorexic like a bean pole  
gums flap, forever yap, nag happy, useless  
had ta' say goodbye her legs were look'n like  
toothpicks  
had ta' leave my lady sad and she's sad back  
told my lady she was shady brain fried she's whack

Hook

Why can't you fuck'n quit that... crystal meth?  
Don't you know that it will ruin your breasts?  
Why can't you fuck'n quit that... crack cocaine?  
Don't you see that you will ruin your brain?  
Why can't you fuck'n stop, smoking them rocks?  
Don't you know that you will lose what you got?  
(Bugack!)  
Strawberry! Strawberry!  
She's a mighty fine strawberry!  
Strawberry! Strawberry!  
She's a very, very strawberry!  
Strawberry! Strawberry!  
B-b-beatch!!!
