I will never be, whatever it is that you want me to be,  
No I, will never be, whatever it is that you want from me

I'm talking bout grief, and how I always get it  
Tired of the belief, that life it to be sweated  
Work is like a thief, and time is what it netted  
You're getting no release bro, I know you will regret it  
You really don't get it  
I'm not my car or my job affiliation  
Cause I'm deeper than a plumber's crack or mason  
Never, hunger for the cheese that you've been chasing  
So you'd better get that finger out my face!  
I never knew the meaning of conformity  
I'm bored with your version of reality  
Don't accuse me of abnormality  
Take a look at this technicality

I will never be, whatever it is that you want me to be,  
No I, will never be, whatever it is that you want from me

I will never be, what you want from me  
No I will never be, what you want me to be (x2)

9 to 5 is a mind control!  
Never ever gonna sell my soul

Go to work doing what you're told  
Slave away for a pot of fool's gold  
Monkey see, monkey do  
Well that's not true, cause I'm not you  
You can get a stupid job  
You can do what you're told  
You can borrow some money  
You can buy what you're sold  
You can do it again next year  
Cause man that shit's getting old  
And maybe when you die you can re-fi your soul  
I've got some dip for that chip on your shoulder  
Turn the crank for the corporate controller  
I've got some guacamole for that chip on your shoulder  
Turn the crank for the corporate controller

Hook

I'll never be a doctor and turn people away  
I'll never be a lawyer and fuck people every day  
I'll never be a cop and bust ass on the poor  
I'll never join the army and fight somebody's war

Never will I ever be, what you want to make from  
Can't you ever let me be  
Can't you ever leave me alone!
