Come down
Hey kid, I'm talkin' to you
What am I supposed to do
You know that you're something special
That's something you already knew
Hey kid, got something to say
But you won't listen anyway
I am only tryin' to help you
But you get further every day
We think your head is getting
Bigger and bigger and bigger
Hey kid, some good advice
To bring your britches down to size
Some modesty would suit you better
So why don't you give it a try
Hey kid ego, with your head above the clouds
Hey kid ego, oh come down
Hey kid, you're Mr. It
Inch by inch a little bit
Stepping on the little people
Like you don't even give a shit
Hey kid, you have it all
Standing proud on top of the world
The harder they must all fall
We think your head is getting
Bigger and bigger and bigger
We think you should be taught
Some manners, manners, manners
Hey kid, some good advice
To bring your britches down to size
Some modesty would suit you better
So why don't you give it a try
Hey kid ego, with your head above the clouds
Hey kid ego, oh come down
Hey kid ego, with your head above the clouds
Hey kid ego, oh come down
Hey kid, some good advice
To bring your britches down to size
Some modesty would suit you better
So why don't you give it a try
Hey kid ego, with your head above the clouds
Hey kid ego, oh come down

Hey kid ego, with your head above the clouds
Hey kid ego, oh come down
Hey kid ego, with your head above the clouds
Hey kid ego, oh come down, come down, come down
