If you could only hear the silent screams  
When you wake them up from their dreams  
Nothing is heard  
Not even a, even a, even a word

Rock a bye baby  
On the tree top  
When the bough breaks  
The cradle will rock

Rock, rock, rock a bye baby  
Rock, rock, rock bye bye

And if they had any choice at all  
You still can't hear those voices that call  
And when the bough breaks  
The cradle will, cradle will, cradle will fall

Rock a bye baby  
On the tree top  
When the bough breaks  
The cradle will rock

Rock, rock, rock a bye baby  
Rock, rock, rock
