I lie awake with open eyes
My love just died, I'm cold inside
Can't face the thought to be alone
All by myself, on my own, love's come and gone

I look around and see
The hearts that still are broken
I can't believe all of our
Hearts remain unopened

We can't go on and on
With that same old song
So wipe off the frown
And turn around and face each other

Come on, come on
Let's sing a song
A song for you, a song for me
A song for love

All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love

You let the time pass by
Big boys don't cry, believe that lie
A broken heart that never mends
Is this the end? Listen my friend

These walls of hate
That separate on from the other
Time to rebuild bridges of love
One to another

Come on, come on
Let's sing a song
A song for you, a song for me
A song for love

All for one and one for all together
Singing a song for love

You and I are none without the other
Singing a song for love

All for one and one for all together
Singing a song for love
You and I are none without the other
Singing a song for love

Come on, yeah
Come on, come on, everybody

All for one and one for all
Singing, singing a song
You and I, you and I, can learn to fly
Singing, singing a song

It's all for one and one for all
You gotta sing
Singing a song for love
