Unlimited cadavers, join the alive, retaining their old bodies  
Craving for blood, tenfold population, the dead run  
ring around  
Uncountable mutilations form the perfect gore in the  
world of the dead  
Blood motive dismembered freaks sip mankind's blood  
Smash their brains and destroy their dreams  
Unborn lives raped from inside the womb  
Newborn virgins bitches feel their stomachs to erupt  
Men without limbs praying to their inexistent God  
For salvation or less painful death  
Known and unknown suffer the same way  
First the skin and then the organs  
Congealed blood everywhere, alimentary for the dead  
United with wildings after they've fucked and tasted  
them  
A fucking little child is smearing with cold blood  
Pretending the dead is not an easy thing  
The only vision is atrocious death  
That sends you to Hell before you really go  
First sucked the zombie's rotten dick  
And then sucked the full of dead maggots feces  
After that they gutted him and filled him with insects  
So they can have a fucking tasty breakfast  
Cuded throat crams the zombie's gorge  
Vomits the child and fucks it again  
A bitch is masturbating with the view  
Cuts her legs and puts them into her cunt  
Total masturbation in warm blood  
Pleasure for a moment everlasting suffering  
Feasting on festering flesh, what a sweet delicacy  
Carnal left-overs in a withering decay  
Vagina they want to eat, a funeral feast  
And bloody dead tissue of decaying meat  
Festering death, holes open in the head  
Expressions of greed beaten relentlessly  
Funeral fuck, the zombie's next attack  
Purulent meat is what they adore to eat  
And warm bloody bowels spewing yellow pus  
Undead they are, they reek of putrefaction  
Seeking next victims, their thoughts will take actions

Putrified remains, primordial ways of death  
Unholy dead spirits live again.
