Hang the bitch, very tight  
So tight that she can't scream  
Pull out the knife and do the work  
The one that you adore  
Praise right now your inner beast  
Kill her with your way  
Stick your knife in her stomach  
Pull out what you find, out here  
Guts now remain, find ecstasy in pain  
Flesh is your need now, you find it somehow  
Deranged when you kill, you think it is thrill  
Victims all you want  
And they're what you haven't  
Devours all her meat  
This savage brutal being  
Feels uncompletely now  
How will he escape? How?  
Eats now her debris, sucks all her blood  
This dead body is desirable  
For your hungry sweet desire  
Bloody chunks are now his food  
Another one victim lies dead  
He can't decide what to do  
The legs and arms and chests  
Thinks about a little while  
And simply cuts her in two  
She didn't have a chance to live  
Found in the river with a knife stuck in her head  
Entrails ripped from the crotch, a cruel, vile scene  
Dirty, eaten and rotten, left unburied, brutalized  
His hunger's getting so bigger  
Still searches for so long  
He takes all what remained  
And throws it in a river  
He feel so much pleased  
He satisfied another need
