My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me  
At the forefront of a generation  
I'll hit you right now with the new edition

Okay so... I didn't prepare a speech or nothing for this  
but uh...  
I can see through you  
I can see you're a straight-shooter  
Not confused with your life as you consume it  
I can see through you  
I can see you are heartless  
And all the while posted up like

My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me  
At the forefront of a generation  
I'll hit you right now with the new edition  
My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me  
You see me now? I'm on TV Ma  
Yep, and it was worth the rocky road, y'all

I've had all the time to think this  
So listen here  
I'm with you  
Don't forget how far you will fall when you forget what  
you started for  
You're posted up like

My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me  
At the forefront of a generation  
I'll hit you right now with the new edition  
My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me

You see me now? I'm on TV Ma  
Yep, and it was worth the rocky road, y'all

Okay so... Unlike last time, I prepared a little speech for  
y'all  
And it goes a little something like this... aaahhhh

You're always overdone  
Burnt in the oven like a apple dumb  
You're always overdone  
Cookin' in the oven like a apple dummy  
You're always overdone  
Burnt in the oven like a apple dumb  
You're always overdone  
You got that son?  
Well me too

My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me  
At the forefront of a generation  
I'll hit you right now with the new edition  
My whole life has been a rocky road  
So I stay fly  
I've got to live as mama woulda wanted me  
You see me now? I'm on TV Ma  
Yep, and it was worth the rocky road, y'all
