Don't try to fight it baby
Give in without a fuss
Don't try to fight it baby
It's bigger than both of us
It won't be long before you see
How convincin' my lips can be
Don't try to fight it baby
You're gonna be mine

I'll never let you go now
So you better not try to run
We're alone and the lights are low now
And the evenin's just begun
Just relax and loosen up your tie
You know why you wanna be so shy
Don't try to fight it baby
You're gonna be mine

Don't underestimate
The power of a woman in love now
There's no defense that I can't rise above now

Don't try to fight it baby
You can't escape your fate
Don't try to fight it baby
Say you'll cooperate
You might as well surrender now
I'm gonna get you some way somehow
So don't try to fight it baby
You're gonna be mine

You might as well surrender now
I'm gonna get you some way somehow
So don't try to fight it baby
You're gonna be mine
(Don't try to fight it baby)
Ah you're gonna be mine
(Don't try to fight it baby)
Yeah you're gonna be mine
(Don't try to fight it baby)
Ohhh...
