Do you remember when we sat around complaining we
were bored,
There was nothing left to do,
We might have missed the sign said you and I we just
weren't meant to be.
We might have missed one or two.
Didn't you see him alone and waiting for you.
He needed more than you had so it's all on you. Way to
go.
Its too late and you're too slow. Way to go.
It's too late and you'll never know I'm glad I didn't say
everything that i wanted to say,

Cause then I'd have to take it back. So what's up now
bitch.
I am over you and on to something new and i'm not
looking back.
Didn't you see him alone and waiting for you.
He needed more than you had so it's all on you. Way to
go.
Its too late and you're too slow. Way to go.
It's too late and you'll never know It's too late and you'll
never know.
And I'm not ever going to look back.
