Don't give me advice on how to live my life.  
I need no help just wanna sing it out until it's time to go home.  
Time to go home. I don't wanna leave but I know you will not believe me until you have seen me and it's time to go home...time to go home  
Please don't tell me to leave, I need a place where i can breathe.  
Don't give me advice on how to live my life I need no help just want to sing it out until it's time to go home  
time to go home The destinations wrong and it's not the flight that you had planned on so you'll be damned when it's time to go home.

Time to go home. Please don't tell me to leave, I need a place where I can breathe.
