„Wenn er ihr Fleisch mit seinem menschlichen
Körper verschlungen hat
, dann ist er in der Lage das Tor zur Hölle zu öffnen
und alles , was wir kennen hört auf zu existieren .
Ihr könnt ihr nicht mehr helfen
, aber vielleicht kann ich ihre Seele retten.“

You're walking through the streets at night
And your heart is full of pain
You don't know where to go
Your life is full of hate and fears
You feel so lost and you feel alone
You're looking for a change in your life

Komm' mit uns , gib' uns deine Hand
Komm' zu uns ins Königreich der Nacht

You hate to be a human being
You hate to be so sick and weak
You don't deserve a life like this
You don't believe in what they do
I know you are one of us

We are the angels of the dark
We're everything you'll ever need
We have the darkness on our side
It will guide us to a better life
No more fear and no more pain
We will protect you eternally
The only price you have to pay is to leave this world
behind

You hate to be a human being
You hate to be so sick and weak
You don't deserve a life like this
You don't believe in what they do
I know you are one of us

We are the angels of the dark
We're everything you'll ever need
We have the darkness on our side
It will guide us to a better life

The world is dying without faith
Only we will win this game
You will find a better life
In a world without sacrifice
No more fear and no more pain
We will protect you eternally
The only price you have to pay is to leave this world
behind

The world is dying without faith
Only we will win this game
You will find a better life
