Who's the man in the mirror?  
Who's the man inside of me?  
What happened to my life?  
Is this what I used to be?

I have strange seductive feelings  
I feel hunger for the night  
Who's the man in the mirror  
Can he help me out of here?

Who's the man in the mirror  
Who's the man inside of me  
What happened to my life  
Is this what I used to be

I walk on the water  
I never sleep at night  
I feel no sorrow for the lost -  
feel like a newborn child  
I walk on the water  
I see colours in the sky  
I hear sirens call my name  
It's the world behind the mirror
