"My Time"

Visit "[My Time](#)" on MotoLyrics.com

This is the time - I break your bones.
This is the time - I crush your head.
This is my time - this is my time.

This is the time - you feel the fear.
This is the time - you wish you were dead.
This is my time. this is my time.

This is the time - you pray for mercy.
This is the time - you beg for death.
This is my time. this is my time.

This is the time - you regret your sins.
This is the time - you won't forget.
This is my time. this is my time.
