"No Eternity"

Visit "[No Eternity](#)" on MotoLyrics.com

You never meant to hurt me
You never meant to make me cry
I couldn't stand the pain inside
You never want to let me die

I wish I could see your face again
I wish I could see your virgin smile
I couldn't take away your pain
I have to pay the price

Night is coming and there's nothing left to say
Nothing changes, everything has gone away
No eternity, no hope for me and you
We close our eyes and we're fading away

I never meant to hurt you
I never meant to make you cry
I couldn't stand the pain inside
I never want to let you die

I wish I could see your face again
I wish I could see your virgin smile
I couldn't take away your pain
I have to pay the price

Night is coming and there's nothing left to say
Nothing changes, everything has gone away
No eternity, no hope for me and you
We close our eyes and we're fading away

Hold me in your arms for the last time
Don't let me die tonight
