Everything you touch turns to black  
Everything you're starting at turns to stone  
You can kill with the words you say  
You can make me suffer with your lust

Will you try to rescue me  
Will you try to make me smile  
Will you try to save my soul  
In this coldness of time

Will you try to rescue me  
Will you try to make me smile  
Will you try to save my soul  
In this coldness of time

I want to trust you, I want to believe  
I let myself dive into your lies  
I kiss the blood from your poisoned sword  
You vanquish my heart when you look at me

Will you try to rescue me

Will you try to make me smile  
Will you try to save my soul  
In this coldness of time

Will you try to rescue me  
Will you try to make me smile  
Will you try to save my soul  
In this coldness of time

Will you try, will you try?, try to save me?  
Will you try, will you try?, try to save me?  
Will you try, will you try?, try to save me?  
Will you try, will you try?, try to save me?  
Will you try, will you try?, try to save me?  
Will you try, will you try?, try to save me?

Will you try to save me?  
Will you try to save me?
