I met you in a night so dark and cold  
I got lost into your eyes  
You looked like an angel from the other side of the  
night  
You touched me so softly I couldn't speak a word

You put your finger on my lips  
Told me not to be afraid  
You kissed me and I got lost into this Kiss  
I never wanted to wake up anymore  
We lost ourselves  
We did something wrong

Every time I close my eyes  
I see the picture of your face  
I try to touch you but I know  
That I'm just stranded in my dreams

Every night I hear you cry  
You suffer from the pain inside  
I try to reach you but I know  
I'm too weak to fly to you
