See the fire burning in our eyes  
Hear us crying out a million cries

Listen to your heart and tell us what you wanna be  
Don't you wanna live forever  
Don't you wanna be free

We're the lost children, can you hear us calling  
Voices of doom echoing in your head  
We're the lost children can you hear us singing  
Songs of despair - we're infecting your soul

Enjoj the night, lick the holy blood from our hands  
You're something special and it's time to understand  
Don't feel insecure, there's no way back  
Darkness is your friend and your friend wears black

We're the lost children, can you hear us calling  
Voices of doom echoing in your head  
We're the lost children can you hear us singing  
Songs of despair - we're infecting your soul

Listen to your heart and tell us what you wanna be  
Don't you wanna live forever  
Don't you wanna be free

We're the lost children, can you hear us calling  
Voices of doom echoing in your head  
We're the lost children can you hear us singing  
Songs of despair - we're infecting your soul

We're the lost children, can you hear us calling  
Voices of doom echoing in your head  
We're the lost children can you hear us singing  
Songs of despair - we're infecting your soul

We're the lost children, can you hear us calling  
Voices of doom echoing in your head  
We're the lost children can you hear us singing  
Songs of despair - we're infecting your soul
