Visit "[Vampires Call](#)" on MotoLyrics.com

I just come for you
To make you smile
Don't be afraid of what you don't know
In the darkest night you can count on me
I will give you the deadly kiss
Now you're one of us

You're one of us
You're a part of the night
You're one of us
Say goodbye to the light

I will go down down
To save your soul
I will show you the world from my crystal throne
I will give you the chance of eternal life with me

I will go down down
To save your soul
I will show you the world from my crystal throne
I just takes a kiss to make you pain go away
