Once there was a time
Once there was a time
I was a soldier in your war
You've been my little dark soldier
I had to fight just to survive
Your life was in my hands
For the strange love you gave to me
I gave you all my love

I hear a fairytale, a fairytale
From the winter of my life
There was a time so dark and cold
The time when you have been my love

So far away and so long ago
I have left you somewhere in time
I can't remember who you are
Now, you're history to me

Can't you hear my eternal call?
I will not listen when you cry
Where are you now, my little boy?
You will never find me in the night
Why did you leave me here alone?
I found a new salvation
I try to find you every night
A part of you is still in my heart

I hear a fairytale, a fairytale
From the winter of my life
There was a time so dark and cold
The time when you have been my love

So far away and so long ago
I have left you somewhere in time
I can't remember who you are
Now, you're history to me

I can't remember who you are

I hear a fairytale, a fairytale
From the winter of my life

There was a time so dark and cold
The time when you have been my love

So far away and so long ago
I have left you somewhere in time
I can't remember who you are
Now, you're history to me
