Remember the love that we made (its enough)
It's enough to make seasons change and renew
The leaves or the snow, all I know
Is I can't (is I can't) remember you

So tell me what it's like to be alone (so tell me what it's
like to be alone)
Cause I know all I'm thinking of is home ('cause I know
all I'm thinking of is home)
So tell me what it's like to be alone (so tell me what it's
like to be alone)
Cause I know all I'm thinking of is home ('cause I know
all I'm thinking of is home)

I'm on my way home, I'm closing in on
The morning comes too quickly when you're thinking
"does she already know?"
I'm on my way home, I'm closing in on
The morning comes too quickly when you're thinking
"does she already know?"

Does she know that I'm thinking of her all the time
And it's not the fear of the stream that I can't cross
It's the thought of what I would say
'Cause my main problem is I can't (is I can't) is I can't
make conversation

So tell me what it's like to be alone (so tell me what it's
like to be alone)
Cause I know all I'm thinking of is home ('cause I know
all I'm thinking of is home)
So tell me what it's like to be alone (so tell me what it's
like to be alone)
Cause I know all I'm thinking of is home ('cause I know
all I'm thinking of is home)

I'm on my way home, I'm closing in on
The morning comes too quickly when you're thinking
"does she already know?"
I'm on my way home, I'm closing in on
The morning comes too quickly when you're thinking
"does she already know?"

She's out of my range, believe me
I'm coming home

I'm on my way home, I'm closing in on
The morning comes too quickly when you're thinking
"does she already know?"
I'm on my way home, I'm closing in on
The morning comes too quickly when you're thinking
"does she already know?"

Ohh, does she know?
And I can't make it out on my own
I need you dragging me out
