Wanna a little of that

I've been tryin' to ignore
The way he moves across the floor
But I can't help myself
He drives me crazy
The fact that he belongs to her
Only makes me want him more
Before the night is thru
He'll be my baby

Got to believe me
I don't do this everyday
But when I see the one I want
I won't let nothin' in my way

You know he's lookin' so good (oh)
He's lookin' so hot (oh)
I catch my breath and I say to myself
I want what she's got
Well I know it's not right
I know I should stop (oh)
But I can't turn back
Wanna little of that
I want what she's got

The good ones always seem to be
Always taken never free
Gotta find a way to work around it
So listen girls I'm warning you
There's just one thing you got do to
Gotta hold on tight once you've found it

'Cause all is fair in love and war
So I won't apologize
When she turned her back
He looked right into my eyes

And he was lookin' so good (oh)
Lookin' so hot (oh)
I catch my breath and I say to myself

I want what she's got
Well I know it's not right
I know I should stop (oh)
But I can't turn back
Wanna a little of that
I want what she's got

Should we just ignore him? *laughing*
Do you think he's interested?
Just behind you
Where is he now?

Oh oh oh oh oh oh oh ohoh (I want what she's got)

Cos' all is fair in love and war
I won't apologize
When she turned her back
He looked right in to my eyes

A a a a a a a a a a a hah
Oh yeah

He's looking so good,
He's looking so fine,
I want this boy to be mine.
He's looking so good,
He's looking so fine,
I want him to be mine.

You know he's lookin' so good (oh) (He's looking so
good)
He's lookin' so hot (oh) (He's looking so fine)
I catch my breath and I say to myself
I want what she's got (I want him to be mine)
Well I know it's not right (He's looking so good)
I know I should stop (oh) (He's looking so fine)
But I can't turn back
Wanna little of that
I want what she's got (I want him to be mine)

(You know he's lookin' so good)
He's looking so good, (He's lookin' so hot)
He's looking so fine (I catch my breath and I say to
myself)
I want him to be mine (I want what she's got)
What she's got
