**Kept**

I'm a b-boy  
That's the best way to define me  
Born in '81, been rhyming since the early 90's  
And I don't plan on stoppin' any time soon  
That's why fools try to be down with my crew  
What you recitin' feeble chatter (?), either that or  
beatin' off  
Peace to no-name breathin' patterns that'll leave 'em  
lost  
I keep a choke-chain on the people's thoughts  
Teach the whole game how to read between the chalk  
Okay, we so crazy, don't play me, just pay me you  
babies  
I break teeth on fake freaks (?), and maybe, just  
maybe, you might live  
That's solely dependent on you mic skills  
You rap slowly homie, no regard for what's ill  
Still I hope you're not the nicest of you teammates  
I'm your worst nightmare, you're like a whack MC's  
dream date  
A walking target, plus an awful artist, what you talk is  
often fucking garbage  
The public regrets the fact they have to hear your  
music  
What you call spittin' looks more like involuntary  
droolin'  
Say I'm stupid for entertainin' rumors but I heard you  
give your favorite producer head in trade for his  
creative juices  
We makin' music, just tryna put the fun back in  
Turntablism, lyricism, ain't no gun packin'  
It's hard to swallow, even my simple sing(?)  
So bitin's not recommended by 9 out of 10 dentists  
I step on snakes any yes I make a mess on tape  
cassettes with  
My brother, ain't no other quite like my mellow, my man  
So Abilities, lemme hear you make some funky music  
with your hands

Wall lights(?), solo, drums and vocals  
Guaranteed to put your attention span in a choke-hold  
PEACE

We just representin' for the hip-hoppers world-wide,  
MC's, DJ's, b-boys, raff-writers, everybody in the house  
Yeah, Blueprint in the house, uh-huh  
Daylight in the house, uh-huh  
E-Wok in the house, yeah  
Mr. Dibbs in the house, uh-huh  
X-Cal in the house, uh  
Abomination's in the house, uh  
Headshot's in the house, yeah  
Rhymesayers and we out, PEACE
