Members of the jury
Your conclusion has been drawn
Defendants should be sentenced
But you just let'em go

The city is a timebomb
The judge has lit the fuse
Vigilante breakout
Gotta tighten up the noose

Your honour, please
We want the truth - nothing but the truth
Your honour, please

Objection overruled - let's hang'em high
Overruled - horsewhip'em

I call upon the nation
To take the witness' stand
Too long you've stood in silence
Now justice will be done

Hey you - the jury members
You let the people down
We trusted your sincerity
One finger at the law

Your honour, please
We want the truth - nothing but the truth
Your honour, please

Objection overruled - let's hang'em high
Overruled - horsewhip'em

The judge's hammer falls
Eruption in the court room
The cry goes up: "It's anarchy!"
Just stick your bloody rules

The judge's hammer falls
Let's loot them out of office

Some heads are gonna roll
The cry goes up: "It's anarchy!"

Your honour, please
We want the truth - nothing but the truth

Objetion overruled - let's hang'em high
Overruled - horsewhip'em
Objetion overruled - this is a travesty of justice
Overruled - appeal to a higher court

Objetion overruled - let's take it to the senate
Overruled - in the name of sanity
Objetion overruled - are you crazy
Overruled - are you crazy
