It's alright now, if you don't need me.  
It's alright now, that I can't see you.  
Well it's now alright for me to be a victim of your  
tragedy.  
It's not alright for me anymore.  
But is there anyone there for me?  
I know, I know there's gotta be someone out there  
somewhere.  
There for me. I know, I know.  
Well is there anyone there for me?  
I'm good enough to be.  
There's gotta be someone out there somewhere, there  
for me.  
It's alright now because I don't need this.  
It's alright now because I don't want this.  
Well it's not alright that you don't see that I was good  
enough to be.
