#### Verse 1.

Promise me the habits are history.  
Let me protect you from reality.  
Before you break down, before you break down.  
Center stage the worlds not gonna judge you.  
You have thirst at only half past two.  
Do you want a cure, Do you want a cure!

#### Chorus.

Let me talk to you, let me help you through.  
Nothing else matters tonight, All we need is time.  
Let me talk to you, let me help you through.  
Nothing else matters tonight, All we need is time.

#### Verse 2.

What is life when your in denial.  
It's not your fault they hit you as a child.  
It's easier to walk away, Easier to walk away.  
Remember when you were nothing but a addict.  
Pathetic and you couldnt kick the habit.  
One bullet can end this, One bullet can end this.

#### Chorus.

Let me talk to you, let me help you through.  
Nothing else matters tonight, All we need is time.  
Let me talk to you, let me help you through.  
Nothing else matters tonight, All we need is time.

#### Bridge.

You can't stand up, those photo's can't hurt you tonight.  
You can't see me, because I only make you cry.  
How can I help you, You won't let me near you!

#### Solo.

#### Chorus.

Let me talk to you, let me help you through.  
Nothing else matters tonight, All we need is time.  
Let me talk to you, let me help you through.  
Nothing else matters tonight, All we need is time.

Let me talk to you,

(Go away!...)  
Let me help you through.  
(Just shut up!...)  
Nothing else matters tonight.  
(Get out of my mind!...)  
All we need is time.  
(Just get out of my mind!...)  
Let me talk to you,  
(Go away!...)  
Let me help you through.  
(Just shut up!...)  
Nothing else matters tonight.  
(Get out of my mind!...)  
All we need is time.  
(Just get out of my mind!...)  
JUST GET OUT OF MY MIND!
