Verse 1.

Stray from the light. (Ohhhh)
Hand on your heart, and you won't die tonight.
Look in my eyes. (Ohhhh)
I can't turn back, paralyzed with fright.

Now I'm alone and you're broken.
I could'nt do nothing you provoked this.
It's the seconds that mean the most.
Your just a shadow and I'm just a ghost.

Pre Chorus.

Till it all falls down.

Chorus.

Will you fall with me.
I guess we were just a time and place.
Will you die with me.
I guess you were just a face and taste.

Verse 2.

Go ahead, say I'm a liar.
I would say it back, but I'm so damn tired.
Go ahead, you can stay for awhile.
Don't fuck around I'm to fragile.

Now I'm alone and you're broken.
I could'nt do nothing you provoked this.
It's the seconds that mean the most.
Your just a shadow and I'm just a ghost.

Pre Chorus.

Till it all falls down.

Chorus.

Will you fall with me.
I guess we were just a time and place.
Will you die with me.
I guess you were just a face and taste.
Will you fall with me.
I guess we were just a time and place.
Will you die with me.

I guess you were just a face and taste.

Bridge.

Your black and white, your colours have faded away.

Your black and white, your colours have faded away.

Your black and white, your colours have faded away.

Your black and white, your colours have faded away.

Will you fall with me.

I guess we were just a time and place.

Will you die with me.

I guess you were just a face and taste.
