So blessed am I that you cut me out
Your life is in nothing but shambles now.
Through thick and thin, I was there holding your hand
And one things for certain; nothing's according to plan.
And now I must ask:
How could you?

All of way, all of the way
You kept failing,
I kept fighting.
All you ever knew, all you ever knew
Is breaking like a wave as the sunlight fades.

You played the forsaken survive by your daylight,
And before my time you'll find yourself mistaken
For someone who had a shred of heart.

I am the one, I am the one
You'll never know until the day I'm gone.

All of the way, all of the way
You kept failing
I kept fighting
All you ever knew, all you ever knew
Is breaking like a wave as the sunlight fades.

And the riptide takes you,
We lost you at sea...

All you ever knew, all you ever knew,
Is breaking like a wave as the sunlight fades.

You should have known you can't fight fate,
You should have known you can't fight fate,
You should have known you can't fight...

Make no mistake I swear you'll face your last day
I'll take you out and carry out your fate.
Make no mistake I swear you'll face your last day
I'll take you out and carry out your fate.

I am the one, I am the one

You'll never know until the day I'm gone.
I am the one, I am the one,

All of the way, all of the way
You kept failing
I kept fighting
All you ever knew, all you ever knew
Is breaking like a wave as the sunlight fades.

And the riptide takes you,
We lost you are sea.

All you ever knew, all you ever knew
Is breaking like a wave as the sunlight fades...
