We can't escape this hollow ride  
Painted black to calm our fear as walls and ceilings  
collapse over us.  
Feel the chill throughout our breaths as thunder  
awakens in our chest.  
These wings we ride failed us.

These wings we ride, they failed us.  
We fall from midnight skies.  
We pray on search lights to save us.  
As the rain pours down.

Weight shifts.  
The storm hits  
Pulls on damaged wings.

Weight shifts.  
The storm hits  
Pulls on damaged wings.

Our pulse skips as we secure laced fingers.  
Praying the tighter we grip  
Will save us from these broken wings
