Come down tonight,  
Make me feel alright,  
Hold me in your arms,  
Promise to never let go,  
Go until I decide  
It's time,  
Our lives,  
Come down, come down, come down  
To me tonight!

I've come to find you will never be mine  
Let's keep the secrets between us,  
You and me, rest those tired eyes,  
Tomorrows a Surprise, let's keep the secrets between  
us,  
You and me.

It's getting harder to hold my breath,  
Keep it in my chest, I'm sinking under the pressure,  
I wish that I could just take it back let that time pass,  
But now I'm stuck under pressure.

Although you'll never be mine your secrets safe with  
me  
I'll take this to my grave  
Until my body rots away  
And lay me down to my bare bones their voices scream  
But I refuse to hear their plea

I've come to find you will never be mine  
Let's keep the secrets between us,  
You and me, rest those tired eyes,  
Tomorrows a surprise,  
Let's keep the secrets between us, you and me

It's getting harder to hold my breath,  
Keep it in my chest, I'm sinking under the pressure,  
I wish that I could just take it back let that time pass,  
But now I'm stuck under pressure.

Although you'll never be mine your secrets safe with

me

I've come to find you'll never be mine,  
Let's keep the secrets between you and I x4

It's getting harder to hold my breath,  
Keep it in my chest, I'm sinking under the pressure,  
I wish that I could just take it back let that time pass,  
But now I'm stuck under pressure.

Although you'll never be mine your secrets safe with  
me  
I'm Sinking Under The Pressure.

Although you'll never be mine,  
Your secrets,  
Your secrets out! x2

Your secrets out!
