## Verse I

Those cold empty nights  
Since you left, me all alone  
Just breaks me down  
It seems so hard to let you go  
I'm dying here, please take my hand

## CHORUS

Life is so beautiful  
When you were here  
I, I can't deny

## Verse II

Now I'm still here  
I'm waiting for you  
Can't you see, it brings me down  
It seem so hard to let you know  
That when you're near, all these fears disappear

## CHORUS

Life is so beautiful  
When you were here  
I, I can't deny
