"Start a new day..."
Slowly I hear them say...
Remembering the
Moments like they pass by...

I'm choking...
I'm drowning...
I cannot breathe...
Without u...
Without u in my life...
I cannot choose wat is ryt...
Without u in my life...

Dark clouds are fading
As the bright light feels the rain
Something is missing
Will u stay... ?

"Start a new day..."
Slowly I hear them say...

Remembering the
Moments like they pass by...

I'm choking...
I'm drowning...
I cannot breathe...
Without u...
Without u by my side...
I cannot live without u...
Without u in my life...

Don't say it is over, can't
U see my life is such a mess...
This feeling grow colder...
In time...

Walk on by...

Growl why...
