Burn it up, b-b-burn it up  
On this hypnotic dance floor  
Hyp, hypnotic, notic

I feel like an atomic bomb  
About to detonate  
When I hear the beating drum  
I just wanna taste

Don't wanna hear no conversation  
No, I don't have the time  
It's not about communication  
That's not what's on my mind

Tonight I'm gonna dance for my life  
I wanna, use my body like it's the last time  
I'm gonna, sweat it 'til I'm gonna overload  
And push a little more, let it all go

Burn it up on this hypnotic dance floor  
I wanna, burn it up on this hypnotic dance floor  
I'm gonna, burn it up on this hypnotic dance floor  
B-b-burn it up on this hypnotic dance floor, yeah  
Hyp, hypnotic

Feelin' an erotic charge  
Almost like a pain  
You make me let down my guard  
I wanna scream your name

Don't wanna hear no conversation  
No, I don't have the time  
It's not about communication  
That's not what's on my mind

Tonight I'm gonna dance for my life  
I wanna, use my body like it's the last time  
I'm gonna, sweat it 'til I'm gonna overload  
And push a little more, let it all go

Burn it up on this hypnotic dance floor  
I wanna, burn it up on this hypnotic dance floor

I'm gonna, burn it up on this hypnotic dance floor  
B-b-burn it up on this hypnotic dance floor

Left to the right, to the back, to the front  
We're gonna burn it up  
Yeah, dance for my life

Left to the right, to the back, to the front  
We're gonna burn it up  
Left to the right, to the back, to the front  
We're gonna burn it up  
On this hypnotic dance floor

Left to the right, to the back, to the front  
We're gonna burn it up  
On this hypnotic

Tonight I'm gonna dance for my life  
I wanna, use my body like it's the last time  
I'm gonna, sweat it 'til I'm gonna overload  
And push a little more, let it all go

Burn it up on this hypnotic dance floor  
I wanna, burn it up on this hypnotic dance floor  
I'm gonna, burn it up on this hypnotic dance floor  
B-b-burn it up on this hypnotic dance floor

Burn it up on this hypnotic dance floor  
I wanna, burn it up on this hypnotic dance floor  
I'm gonna, burn it up on this hypnotic dance floor  
Burn it up on this hypnotic dance floor, yeah

Hyp, hyonotic, notic  
Hyp, hyp, hypnotic  
Hyp, hyonotic, notic  
Hyp, hyp, hypnotic
