Burn it up...
B-b-b-burn it up on this hypnotic dancefloor!

Hyp-hypnotic-notic...

I feel like an atomic bomb about to detonate.
When I hear the beating drum, I just want a taste.
Don't wanna hear no conversation, no, I don't have the
time.
It's not about communication, that's not what's on my
mind.

Tonight I'm gonna dance for my life.
I wanna use my body like it's the last time.
(I'm gonna) Sweat it 'til I'm gonna overload, and push a
little more, let it all go!

Burn it up on this hypnotic dancefloor.
(I wanna) Burn it up on this hypnotic dancefloor!
(I'm gonna) Burn it up on this hypnotic dancefloor.
B-b-b-burn it up on this hypnotic dancefloor.
(Yeah...)

Hyp-hypnotic...

I'm feelin' an erotic charge, almost like a pain.
You make me let down my guard.
I wanna scream your name!
Don't wanna hear no conversation, no, I don't have the
time.
It's not about communication, that's not what's on my
mind.

Tonight I'm gonna dance for my life.
I wanna use my body like it's the last time.
(I'm gonna) Sweat it 'til I'm gonna overload, and push a
little more, let it all go!
Burn it up on this hypnotic dancefloor.
(I wanna) Burn it up on this hypnotic dancefloor!
(I'm gonna) Burn it up on this hypnotic dancefloor.
B-b-b-burn it up on this hypnotic dancefloor.

Left to the right to the back to the front we're gonna
burn it up!
(Yeah... Dance for my life!)
The left to the right to the back to the front we're gonna
burn it up!
Left to the right to the back to the front we're gonna
burn it up! (You and I on this hypnotic dancefloor!)
Left to the right to the back to the front we're gonna
burn it up! (You and I on this hypnotic dancefloor!)

Tonight I'm gonna dance for my life.
I wanna use my body like it's the last time.
(I'm gonna) Sweat it 'til I'm gonna overload, and push a
little more, let it all go!
