It's been so long
Since you were here with me
Since you left me
I could I set you free
It's just a game
Without, myself again
Finally, I'm ready to confess you see
Cause I did some good, and I did some bad
And I know what we had was true

*You still my No.1
You're all I'm thinking of
The one I can't deny
I guess you know the sore built inside
I love this song
This all you said and done
You still my No.1

The things I said
I take em back 'chu know
It's not the end
Cause now I'm taking my stand
And I miss you
And I want you back, In my life
(want you back in my life, I want you back in my life)
Cause I did some good, and I did some bad,
And I know what we had was true.

*You still my No.1
The one I'm thinking of
The one I can't deny
I guess you know the sore built inside
I love this song
For all you said and done
You still my No.1

I remember the days, how we used to laugh,
How we used to dance to this song
And after all this time, I have no regret
You still my No.1

Oh--(Doo, doo doo doo doo doo---)

*You still my No.1
You're all I'm thinking of
The one I can't deny
I guess you know the sore built inside
I love this song
For all you said and done
You still my No.1

You're all I'm thinking of
The one I can't deny
I guess you know the sore built inside
I love this song
For all you said and done
You still my No.1
(You Still My No.1)
