[Rap]
Yo, yo! wanna spend my days wit' you stay devoted
and trueget
Through the issues I'm askin' did you think about me
today
About the games you & me gon' play hit the lights have
you callin'
My name can't refrain from the pull the queen that
guides
My rule heavy on my mind wanna spend some time all
my days
And all my nights share all that bitter-sweetness I got
you in my business
