Our lips part, and the melody of a song with no name  
Disappears into the evening sky  
I remembered someone who is important to me  
Who secretly gave me pieces of courage

A Song For You  
A Song For Me  
I can faintly hear it

A Song For Her  
A Song For Him  
One day someone will

A Song For Boys  
A Song For Girls  
Turn around and see this scene

A Song For Friends  
A Song For Lovers  
And feel it in their heart

I want to wrap you up in kind words  
The melody is born, and then it disappears  
It was medicine to cure me of a love that hurt me  
It was a lullaby on sleepless nights

A Song For Dreams  
A Song For Tears  
Wandering about through the ages

A Song For Winds  
A Song For Rain  
It shines in the night sky

A Song For Stars  
A Song For Flowers  
In a corner of my memories

A Song For Cry  
A Song For Smile  
I'll sing it in my heart
