You - you put the words into my songs
You blow the wind in my sails -
That keep me moving on
And you - do you realize just what you've done
You live your life -
And I'm a silhouette against the sun

Oh - and Alex, this is your song
I would like to see it fly
Above the roofs of Cambridge
So that one day you'll be mine
One day when I'm braving up
I'm gonna face you eye to eye

So that I'm gonna be
Icecold - iccold like Alex
Iccold, iccold, iccold like Alex

And you - torment me with your eyes

You won't be fooled by my lies
You keep me moving on
And you - oh yeah, you
Ya ya you - don't realize just what you've done

Oh - and Alex, this is your song
I would like to see it fly
Above the roofs of Cambridge
So that one day you will be mine
One day when I'm brave enough
I'm gonna face you eye to eye

So that I'm gonna be
Icecold - iccold like Alex
Iccold, iccold, iccold like Alex

Iccold, iccold, iccold, iccold, iccold
Just like Alex, just like Alex
