Your voice is still inside my head, you guide me
With your expressions there as well
You know how hard it is sometimes to hide me
I'm sure that everyone can tell
I'm still as strong but somehow not so well protected
Though you were far I felt you near
Now there's not much left that can hurt me or affect me
My age has doubled in a year

I don't believe in God but still find that I'm praying
You know that I believe in you
I just imagine what you would have told me
That's how I still know what to do
I'll make a child but that's not to replace you
It's to replace the child in me
I hope whatever God he will decide to pray to
will say the things you said to me

Meet me in the Gods
Meet me in the Gods and fly
Meet me in the Gods
Meet me in the Gods and fly
Meet me in the Gods
Meet me in the Gods and fly

Upon those wings while they're still new
I remember it well
Do you remember as well
You flew

Meet me in the Gods
Meet me in the Gods and fly
Meet me in the Gods
Meet me in the Gods and fly
Meet me in the Gods
Meet me in the Gods and fly

Upon those wings while they're still new
I remember it well
Do you remember as well
You flew
