Don't be frightened, don't be scared
It happens everyday
Your're only lying to yourself
If you decide to stay
And i know that you worry
That he might get to know
So don't tell him where you've been
Or where you're about to go
Just steal a way, steal away from him
It's only one commandment and everybody sins
Steal a way for you to be free
I've lied for you a thousand times, now you can lie for
me
Why the hesitation
It happens all the time
You've always had it your way
And now I want it mine
You never were aware
Of all the things you put me through
All the lies and the shame and the pain and the guilt
Now you can feel it too

And you - steal a way, steal away from him
It's only one commandment and everybody sins
Steal a way for you to be free
I've lied for you a thousand times, now you can lie for
me
And you don't know what I do for you
No, you don't know - no, no - what you put me through
Just steal a way, steal away from him
It's only one commandment and everybody sins
Steal a way for you to be free
I've lied for you a thousand times, now you can lie for
me
Steal a way, steal away from him
It's only one commandment and everybody sins
Steal a way for you to be free
I've lied for you a thousand times, now you can lie for
me
Steal away ...
