Sometimes... it feels like my time is coming  
Sometimes... it feels like my days are through  
The phone it rings always when by bath is running  
Out the door with all my things  
And it's all over now Baby Blue  
Well you know I've got me an imaginary friend  
And it's his daydreams they buy in the end  
He won't let me break, he won't let me bend  
He puts it all together and I just press send  
And he's a shadow behind me in the light  
And he takes me walking in the park at night  
He makes me do something wrong, do something right  
And disappears before the morning  
The further we stretch  
The higher the sky  
It get's harder

The harder we try  
The faster we run  
The longer the road  
The stronger we get  
The bigger the load  
When I fell in love with you  
It wasn't the way I dreamt it would happen  
Bells didn't ring, no violins  
Or me on a horse with Nelson Eddy's hat on  
You're not Jeanette McDonald  
And our signs don't match  
We dance with an opposite sway  
You said you needed to run  
And have fun, fun, fun  
'Til your Daddy took the T-Bird away  
The further we stretch  
The higher the sky  
It gets harder  
The harder we try  
The faster we run  
The longer the road  
The stronger we get  
The bigger the load
