This is the day I'm finally set free
I don't have to run anymore
It's taken a long time but finally
I know what's to be done and I'm sure

That you are the one that I would choose
To watch me take my final breath
This is the day I'm finally set free
I just don't know how many are left

This is the day I'm finally set free
I hope that I'm not too late
God only knows you've been patient with me
Maybe you've decided to wait

Because you are the one that if you should choose
Could watch me take my final breath
This is the day what have you got to lose?
I just don't know how many are left
I don't know how many days are left

Because you are the one that if you should choose
Could watch me take my final breath
This is the day I'm finally set free
I just don't know how many are left
I don't know how many days are left
