Don't really feel so good  
My life is at an end.  
Fame is so hard to get  
So many lows and downs.

You know I'm not so bad and  
I can write a song  
If they only let me show  
What I can do.

No way to find a job  
My car's without a part.  
Millions of bills to pay  
My landlord wants me out.

Whatever happens  
You know I will survive,  
This is not the first time  
Been down this road before.

This time I have to win on my own.  
This time I have to win can't be wrong.

If only just for you  
It's important to me.  
This time I have to win  
Yeah, this time I have to win.

My girl has gone away  
I'm left here all alone.  
She said if you make it  
You know my telephone.  
My room is empty besides  
Pictures on the walls  
But I fell that someday  
She'll be knocking at my door.

This time I have to win on my own  
This time I have to win can't be wrong.  
If only just for you, I'll make it.  
This time I have to win on my own

This time I have to win.
