I hear you breathe
You're lying close to me
The shadows gone
I have found my peace

You make me calm
With you I'm safe from harm
And right by your side
I'll stay through the night 'til eternity
That's the way it will be

And I wonder what you're dreaming of
You're so peaceful when you sleep
Everything I want everything I need is lying here in
front of me

And if I ever lose my power to fly
Then your love takes me high
I'll always be true to you
Sometimes I think I might lose it all
Guess the chances are small
'Cause you hold me close I feel you near
Don't let go say you'll always be here
So just hold me tight and I'll be fine
Dreaming you will always be mine

Just like the sun
You make me warm inside
Like a soft summer breeze
A moment to seize
So true I won't stop loving you

And I wonder what you're dreaming of
You're so peaceful when you sleep
Everything I want everything I need is lying here in
front of me

And if I ever lose my power to fly
Then your love takes me high
I'll always be true to you
Sometimes I think I might lose it all
Guess the chances are small

'Cause you hold me close I feel you near
Don't let go say you'll always be here
So just hold me tight and I'll be fine
Dreaming you will always be mine

And I wonder what you're dreaming of
You're so peaceful when you sleep
Everything I want everything I need is lying here in
front of me

And if I ever lose my power to fly
Then your love takes me high
I'll always be true to you
Sometimes I think I might lose it all
Guess the chances are small
'Cause you hold me close I feel you near
Don't let go say you'll always be here
So just hold me tight and I'll be fine
Dreaming you will always be mine

Just hold me tight and I'll be fine
Dreaming you will always be mine
