

The Absence "Heaven Ablaze"

The strength of sadness lifts our necks from a thin
warm line sinking
Dead within the night where the eucharist will fall in
disharmony over
And over again when the darkness creeps it's way back
into my mind
Never forgotten
Never forgiven
To the heavens set ablaze
I will call aloud
And to the heavens set ablaze
You will hear me now
You will hear me now
A glance from in between these ghostly mirrors
fragments to betray this
True believer it held high this suffering the darkest day
of mine held
Ears fixate on the dimming voice, in the wind
Never forgotten
Never forgiven
To the heavens set ablaze
I will call aloud
And to the heavens set ablaze
You will hear me now
You will hear me now

Never forgotten
Never forgiven
To the heavens set ablaze
I will call aloud
And to the heavens set ablaze
You will
Hear me
You will
Hear me now
