It's such a loneliness
Stalking here all along
Burning all of our bridges
Distant from the dimming sun
Slow in the shadows
The demons have crept
And this is where the dark thirst has slept
The reddest of blood
Bled into the
Deepest of grays
Riding upon the restlessness of this soul betrayed
The reddest of blood
Bled into the
Deepest of grays
Riding upon the restlessness of this soul betrayed
Searing into oblivion
We are standing tall
Reaching past the end
Mere seconds before the fall
Unhallowed scars, far beyond
Curve through the stagnant winds
While the black moon light
Burns through this grin
All of these angels
Ever ending up dead
While the darkness crows
Flying over head
The brief moment
Cuts through the regret
Ending sleepless in this moonlit cold sweat
Who will you die for tonight
Who will you search for at first light
It's such a loneliness
Stalking here all along
Burning all of our bridges
Distant from the dimming sun
Slow in the shadows
The demons have crept
Close upon where our thirst has slept
Who will you die for tonight
Who will you search for at first light
Unleash hell

Unleash hell
Unleash hell... go
