Warning, warning  
The planet Earth is under attack  
Run for your fucking lives

Now, now begins the invasion  
Stay in attack formation  
Blast every human in your sights  
Rape this planet for its life

I am the conqueror of your species  
Doom Walker, of the galaxy  
I am the conqueror of your species  
Doom Walker, of the galaxy

I will destroy  
I will destroy  
I will destroy  
I will destroy

I am from another planet  
You will never understand it  
We are a race that likes to acquire things

Well, I am from another planet  
You will never understand it  
We are a race that likes to acquire things

I am the conqueror of your species  
Doom Walker, of the galaxy  
I am the conqueror of your species  
Doom Walker, of the galaxy

[Incomprehensible]  
[Incomprehensible]

{They come from the planet [Incomprehensible]  
To rid the earth of her precious minerals}

Alien warlords come through a space warp  
They swarm the cities and man is a refugee  
Last chance, five pilots, stealth fighters  
Armed with nukes to shoot the mother ship down

Fight, are you ready to fight?  
Are you ready to fight? Are you ready to fight?  
Die, are you ready to die?  
Are you ready to die? Are you ready to die?

Here they come now  
Here they come now  
Here they come now  
Here they come now

Rape this planet for its life

I am from another planet  
You will never understand it  
We are a race that likes to acquire things

Well, I am from another planet  
You will never understand it  
We are a race that likes to acquire things

{[Incomprehensible]}

I am the conqueror of your species  
Doom Walker, of the galaxy  
I am the conqueror of your species  
Doom Walker, of the galaxy

[Incomprehensible]  
[Incomprehensible]

Well, I can see your face in the clouds  
So we moved deep, under the ground
