"Rise Again"

Left for dead, when you struck me down
Another one, crushed under your crown
But my heart still beats from underground
In this abyss, my technique becomes sound

[Chorus]

What kind of man do you think I am
Unfold, diabolical plan
What kind of man do you think I am
Ashes to ashes and dust to dust
But I return like the prodigal son
And I will rise again in time, cause
I am champion
Rise again

[Verse 2]

I've been biding my time, just watching and waiting
To strike from the darkness, when you are most lax
Your reign ends here
A nameless one that will bring your doom
My return is now in full bloom
A ghost from the past, who has to come back to
Reclaim his place with a mask on his face

[Repeat Chorus]

Strike in the night and you leave like a dream
You cannot kill what you cannot see
A legend from far away will come to ask the question,
"Who is the Champion?"
Champion, where will he lead from here
